

Share in the romance at Forum Homini for Valentine's

Forum Homini is offering an intimate, romantic experience on Valentine's Day to celebrate your love and adoration for your loved one.

Dinner is served in the beautifully and amorously decorated, roots restaurant, surrounded by a deck, which overlooks a small lake. A delectable six-course menu has been created especially with lovers in mind.

Instead of driving back to Johannesburg, spoil your partner by staying over for the night in one of the suites on the property. As an extra treat, surprise him or her with a romantic upgrade and receive a bottle of sparkling wine, sweet treat a flower bouquet and a special gift in your luxury cave. Your stay will be completed with a relaxing breakfast served the following morning or an optional early morning on-the-run continental breakfast served in your room.

Take this opportunity to show the love in your life how much he/she means and indulge in the romance of the day.
